Height

Measure from the top of the head down to the ground - make sure the child is barefoot with their feet together.

Chest

Take the tape through the arms and around the fullest part of the chest.

Collar

Place the tape measure around the base of the neck where the collar usually sits, again taking care not to pull the tape too tightly as it is important to have a little extra room around the neck.

Hips

Place the tape measure around the fullest part of the bottom.

Inside Leg

Measure with shoes on from the top of the inside leg to approximately 5cm above the ground.

Waist

Place the tape measure around the natural waistline, taking care not to pull it too tightly
