GRADES

Dubai Schools – Al Khawaneej currently offers educational facilities from KG1 to Grade 7. We will extend to Grade 12 in the coming future.

CURRICULUM

High standards of Arabic language, Islamic studies and UAE social studies, science and technology

Dubai Schools - Al Khawaneej offers an American curriculum based on the New York State Education Department Learning Standards (NYSED). The Elementary School curriculum builds upon young children's natural curiosity and enthusiasm for learning towards developing these traits to their fullest potential. The Middle School provides a transition for the students, while enabling them to take command of their own learning. Our academic selections include core courses that are required of all students and exploratory choices which is a rotation of drama, computers, art and music throughout the school year. The High School curriculum, which leads to an American High School Diploma, allows students to choose from a range of electives to meet their interests, talents and aspirations. Students have the choice to take one or more of the Advanced Placement (AP) courses. These courses offer students an opportunity to engage in deep academic inquiry and to explore new material.

MISSION

To be a beacon of academic excellence

Combining an inquisitive teaching approach and future-focused skillset delivery, we work hand-in-hand with the community to nurture students to become independent and empathetic learners. We offer an American education that will be guided by Arabic principles, Islamic values, science and technology, which will foster future-ready graduates, driven by pride and tolerance.
